

CORELLE®

Products available
through Edward Don

For more than three decades, **Corelle®** products have epitomized the definition of durability and quality, and we extend these claims to each our products. Corelle makes a versatile product that features a lightweight design stronger than any other dinnerware. There are also a wide array of fashionable patterns available to complement any décor.

Did you know?

COMCOR™ stands for commercial Corelle, which is manufactured in the same Corning, NY plant as Corelle but used for commercial applications.

“Corelle...Every style has its strength”
